

RENDANI MASEGWALA

DEVELOPER

SUMMARY

I'm a Motivated and adaptable Full-Stack Web Developer with 4+ years of experience designing, developing, and maintaining responsive web applications. Specialized in PHP (Laravel) and JavaScript (React, jQuery), with expertise in database design, secure authentication systems, and API integration. Strong focus on scalable code, user-centric design, and modern development tools like Git, Docker, and MVC architecture.

EXPERIENCE

FREELANCE DEVELOPER

Freelance

2020 - 2021

- Delivered custom web solutions using PHP, Laravel, and WordPress.
- Improved UI responsiveness and performance for multiple client sites.
- Migrated legacy websites to modern PHP MVC structures.
- Consulted on UX design, hosting, and WordPress plugin customization.

DEVELOPER

Baseline Digital

2022 - 2024

- Built and maintained scalable web apps using Laravel, PHP, JavaScript, and HTML.
- Integrated RESTful APIs and third-party services for dynamic data interaction.
- Designed and optimized MySQL and SQL Server databases.
- Implemented user authentication, email verification, and password reset systems.
- Collaborated with cross-functional teams using Agile methodologies.
- Developed and extended WordPress-based solutions for marketing and e-commerce clients.
